

Bingo Caller Pro™ System

Requirements for Bingo Caller Pro™ System:

- **Macintosh™ MacBook Computer (MacBook recommended to allow Operator to utilize computer screen)**
(Although Bingo Caller Pro can be used with OS 10.5.2 or later, the voices included with Leopard (10.5) are much better. Suggest you purchase Apples's "Applecare")
- **Video Projector**
(Sufficient Lumens for hall size. Suggest you purchase manufacturer's warranty)
- **Projection Screen**
(Size must be determined based on Room Size and Projector Power & Distance)
- **License for use of the *Bingo Caller Pro™* computer software**
(Contact youngpr@myactv.net for details)
- **Bingo Caller Pro™ Operator Manual**
(Supplied free with software license)
- **Computer USB Mouse**
(While not necessary with the laptop computer, most find it very convenient to use)
- **Audio cable (between computer and bingo facilities PA sound system)**
(Length is not critical, but should be shielded and with the proper connectors)
- **Video cable (between computer and video projector)**
(Length may be up to 50 feet , but must be shielded and with the proper connectors)
- **Projector Extension Power Cable**
(Must be equal to or lower than gauge of Projector Cable)
- **Projector Ceiling Mount**
(Not required if Projector is mounted on table or stand)
- **Projection Screen Mounting Materials**
(Miscellaneous brackets and mounting screws as required)
